

## **EUROPOWER TECHNOLOGY @Electric Indonesia 2007**

EuroPower Technology Pte Ltd participated in the Indonesia leading exhibition dedicated to the power industry, the Electric Indonesia 2007 at Jakarta International Expo Kemayoran from 31<sup>st</sup> Oct to 3<sup>rd</sup> Nov 2007.

The main objectives of this participation were:

- To build brand awareness of EUROPOWER generating sets in the South East Asia market
- Networking with other GOEM's, dealers and end-users in the Asia Region.

The exhibition lasted for 4 days and we managed to sell our display set to one of the local company. We also encountered more than twenty inquiries with five sales confirmed.

Electric Indonesia 2007 is EUROPOWER first participation in exhibition since the company was formed in August 2007. As a company interested in the power industry in the Asian region, we shall continues to exhibit in other countries where enabled us to make important connections that hold the key to success in the Asia power generation industry.
